

January 18, 2022

Hi there,

Seven years ago, my co-founder Kyle and I started Advanced Rx because we wanted to provide compounded medications at affordable prices. We believe that high-quality healthcare should be accessible. Since then, Advanced Rx has grown significantly and is now one of the most trusted providers of ENT medications in the country.

Today, I'm especially excited to share with you that we're launching a new logo as part of the ongoing evolution of our pharmacy. We loved our old logo, and we know many felt the same. I am here to explain why we decided to evolve it.

When we started Advanced Rx in 2014, we created our first logo. It was simple and professional. It was also very easy to forget. The mortar and pestle, as dear as it is to us, is reflected in so many pharmacy logos. But we're not just any pharmacy.

Advanced Rx has grown and evolved over the last seven years, and now it is time for a change. Our new logo represents everything we bring to the table – strong like our reputation, human like our service, and distinctly “Advanced Rx.”

As always, we are committed to providing the same high quality service you've come to know and associate with Advanced Rx. Thank you for your support.

Kind regards,

Jason Jerusik
